Case is open to Early Help Services, a family star assessment and plan has been undertaken and TAF meeting held

Step Up Flowchart

Concerns regarding levels of risk are identified within Early Help and discussed with the Early Help Manager

Further advice is required re thresholds

A multi-agency decision making meeting is required

There is a Safeguarding Concern

Contact the Early Help Social Worker:

West - 305770

East - 708953

North - 828901

Further advice can be sought via the Grade 10 Social worker linked to Early Help Arrange for the case to be discussed at an Early Help Action Meeting (EHAM) and consult Early Help social worker if needed

Contact EHASH (448879) for advice, then complete the step up process on liquid logic. Please include comments from EHSW, management oversight and phrase as per below. Please ensure there is an up to date plan and assessment and evidence of multiagency working within the workflow

Child not thought to be s.17 CIN. Case to remain in Early Help Concerns warrant s.17
CIN status, and case
opened to CSC. A
Children's Social Care
Assessment to be
completed.

Child thought to be at immediate risk, Strategy Discussion held to determine if a s.47 enquiry is required.

Children's Social Care Assessment carried out by Assessment Team if, this is a new case <u>or</u> an old case that has been closed for 3 months <u>or</u> a case that has been closed for less than 3 months but is for a safeguarding risk that did not previously exist.

Children's Social Care Assessment carried out by a Locality Team if it is a previous case that has been closed for less than 3 months and safeguarding concerns are the same.

¹ STEP UP STATEMENT: Further to consultation with the Hull Threshold Document we believe that this child is in need to a specialist led needs assessment. Early help services have [undertaken an assessment/plan /TAF/consulted with professionals/other] and now feel that the threshold for social care involvement has been reached.'
